The Ceremony

We have some beautiful locations around the woodland village for your ceremony to take place. Whether this is outside or in our large home yurt, you'll be able to pick your preferred backdrop for this extremely special moment. You have the ability to dress and decorate the space how you wish, the time of year can also play a big factor in this and how our site looks!

The Legal Bit

This will need to take place off site as we do not have a marriage license here at Elessar. This doesn't stop you from planning the most amazing, independent and personal ceremony in front of those dearest to you! Whether with a celebrant, a family member or a friend.

Bar

We do not have an alcohol license on site so why not create a help yourself bar, or hire our staff to serve drinks from our catering kiosk!

we are a glass free site, beer/wine bottles are fine but please no champagne or beer glasses

Some Wonderful Reviews

“Elessar events were amazing from start to finish. We used them as our wedding venue in April 2022, having booked in September 2020. All along they were very responsive to our many, many questions and friendly and helpful. Megan in particular (event co-ordinator), was great. The weekend itself was more magical than we could have hoped and the staff (especially Bex) were absolutely amazing, so relaxed, present when needed but never made us feel like we were being monitored or watched. The grounds are stunning and so peaceful, the yurts are warm and comfortable and the bathrooms were kept very clean by the staff. It was the most perfect place for our wedding and many of our guests commented on how lovely it was. We will definitely be back to visit again. Cannot recommend enough!!”

"Just spent a fantastic weekend at Elessar Yurt Village for an amazing wedding celebration, made to feel welcome from the moment we arrived, shown around and informed how everything worked. The Airstreams have shower/w.c, cooker, fridge, bed area, dining area, electric and the outside terrace area is perfect for relaxing on after you have used the hot tub!"

"We had an absolutely incredible wedding at Elessar Yurt Village! As soon as we walked onto the site we had such a sense of calm come over us and it made our entire wedding relaxed and lovely. The staff were SO helpful and attentive, the site is beautiful and we have to give a shout out to the AMAZING wood fired hot tub - perfect for midnight and our sore feet on our wedding day! Also a shoutout to the fabulous Doggo who sparked so much joy for us and our guests! We'll be returning to wedding anniversaries in the future and can't wait! Thanks so so much to all the staff in the lead of and throughout the weekend who were absolutely brilliant!"

"We celebrated our wedding weekend under the stars at the dreamy Elessar Yurt Village site. From start to finish the team were incredible and surpassed our expectations. Pre event they were available to help with any queries or concerns we had, made suggestions for any suppliers we needed and helped us plan everything. During the event the lovely team had the perfect balance of being around where and when we needed them but blended into the background to let everyone get on with the party. The Yurts were incredible cosy and welcoming with all you needed. We really felt honoured to be entrusted with their beautiful site and they even arranged a load of sunshine for us. We may be biased but it was literally the best wedding ever! We will be back as often as we can. The perfect spot to get away from it all, disconnect, be with nature, enjoy the sunrises and sunset and spend time with friends & family. Elessar is lush and will not disappoint. Thank you!
